We believe in the need that government and business should to work together for the benefit of everyone. It should no longer be just about typical "Corporate Social Responsibility" where the "Responsibility" bit is usually the realm of a small team buried in a basement office.

Now it should be about every single person in a business taking responsibility to make a difference in everything they do, at work and in their personal lives.

The focus of our CSI Funding is for Non-Profit Organisations (NPOs, PBOs, NPCs & Association) with a cause that is focusing on improving communities, society, transforming lives, solving social problems and philanthropy.
